

Crime Against Women In India 2022

©2024 Pranay Mody

INTRODUCTION

Crime against women is a serious issue that persists globally. It encompasses various forms of violence, discrimination, and exploitation directed towards women. Crimes against women encompass a wide range of acts. This includes physical violence, sexual assault, emotional and psychological abuse, human trafficking, and harmful traditional practices like female genital mutilation and honor killings.

In 2022, India continued to grapple with the alarming prevalence of crimes against women. According to the National Crime Records Bureau (NCRB), a staggering number of over 4.45 lakh cases were registered, translating to roughly one crime committed against a woman every 51 minutes.

Goddesses to Victims: Women's Struggle in India

- ❖ India, being a place of rich culture and biodiversity, which is a land of unparalleled diversity and which has captivated the world for centuries. From the snow-capped peaks of the Himalayas to the sun-kissed shores of its southern coast, India's diverse landscapes serve as a testament to the country's unparalleled natural beauty. Its also a place where the divine feminine hold a profound significance, embodied in the form of goddesses revered for their strength, wisdom, and compassion.
- ❖ Despite significant economic growth, India continues to grapple with a critical social issue: crimes against women. These crimes encompass a horrific spectrum, ranging from domestic violence , and sexual assault to brutal acts like acid attacks and dowry deaths. The reported incidents paint a grim picture, but the reality is likely far worse. Social stigma surrounding these crimes and fear of reprisal often prevent victims from speaking out, leading to a significant undercount.

Types of Crime Against Women

Domestic Violence

This is violence or abuse that happens in a home setting between intimate partners or family members. It can include physical violence, sexual violence, emotional abuse, Dowry death and threats.

Human Trafficking

This is the trade of people for forced labor, sexual exploitation, or domestic servitude. Women and girls are especially vulnerable to human trafficking.

Sexual Violence:

This is any type of sexual contact or behavior that is forced or unwanted. It includes rape, sexual assault, sexual harassment, and stalking. It is a violation of human rights and has devastating consequences for survivors.

Acid Throwing:

This is a horrific crime in which acid is thrown on a woman's face, often by a rejected lover or spurned husband. It can cause devastating injuries, including blindness and permanent scarring.

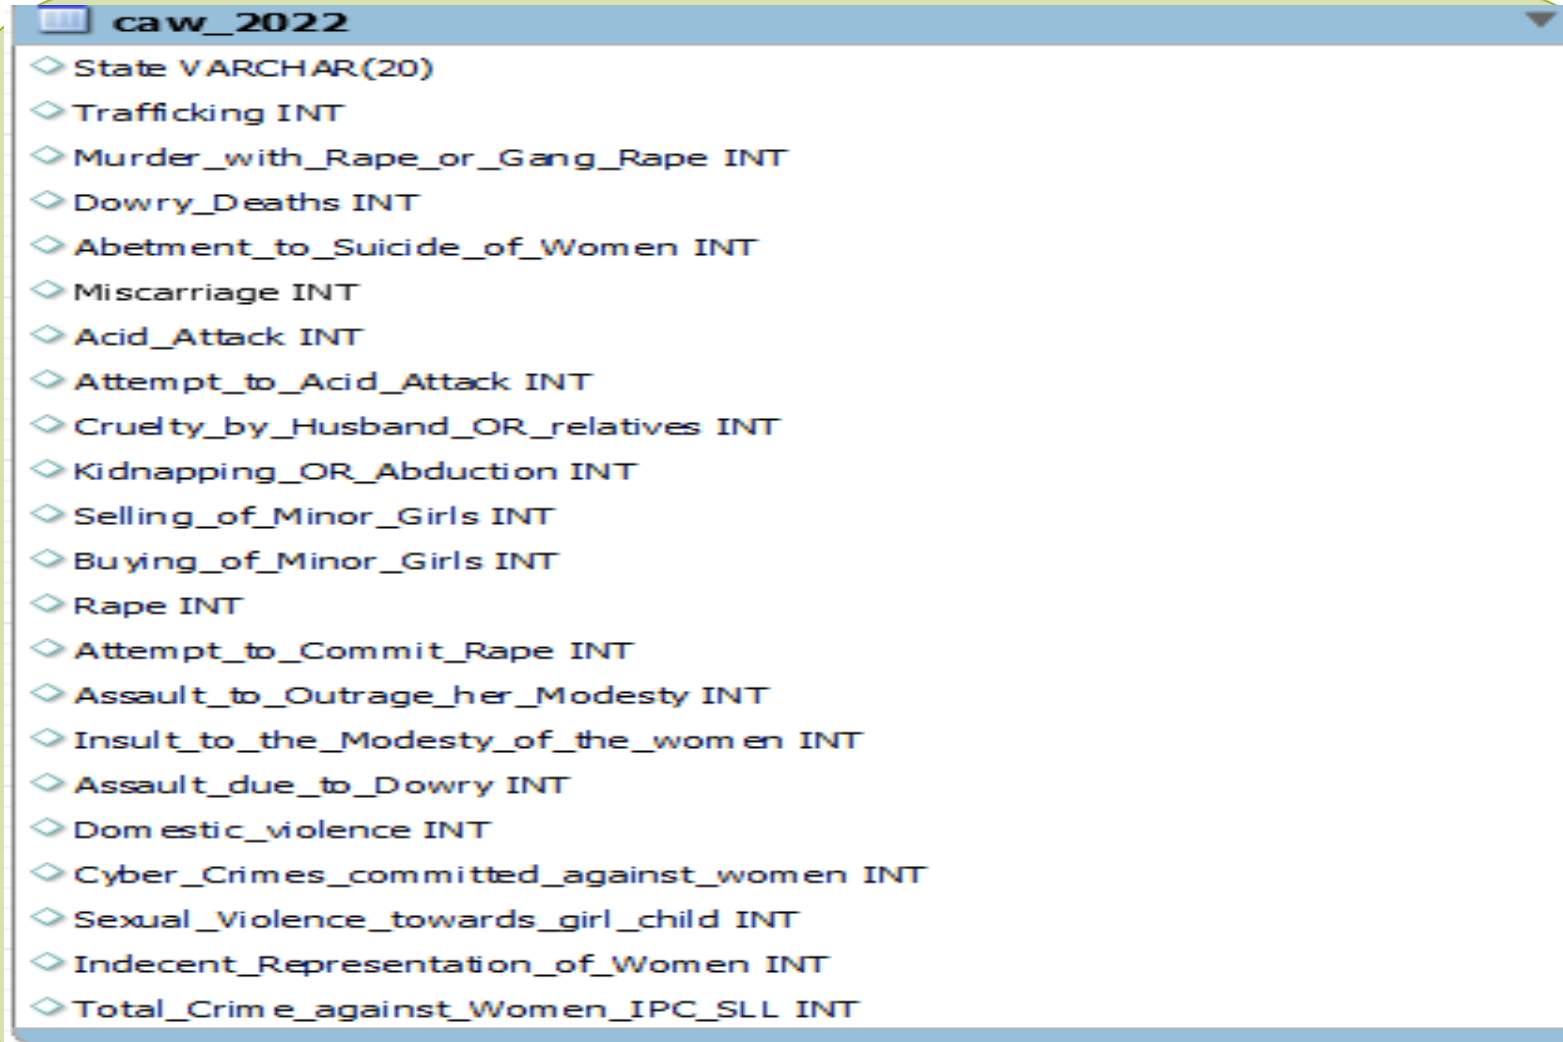

OBJECTIVES

- ❖ Find the total number of crimes against women in 2022.
- ❖ Find the total number of each type of crime.
- ❖ Identify the top 5 states with the highest crime rates in 2022.
- ❖ Identify the 5 states with the lowest crime rates in 2022.
- ❖ Retrieve states where the total crime against women is higher than the average across all states.
- ❖ Find the states with the highest for various types of crime.
- ❖ Identify states with zero occurrences of each crime type.
- ❖ Find the states where the number of attempted rapes is more than 20% of the total reported rape cases.
- ❖ Calculate the percentage of crimes related to rape.
- ❖ Calculate the percentage of crimes out of the total crime.

An illustration of a young girl with short, wavy orange hair and bangs. She is looking upwards with a gentle expression. Her right hand is raised, with fingers slightly spread, reaching towards the top of the frame. The background is a warm, light orange color with a large, soft circular glow behind her head. Scattered around are various autumn leaves in shades of orange, yellow, and red, some with detailed vein patterns. Small, faint red dots are also visible in the background.

Findings

- ❖ Over 4.45 Lakh cases of crime against women were recorded in 2022, highlighting the magnitude of the issue.
- ❖ Uttar Pradesh consistently ranks highest across multiple crime categories, including dowry-related crimes, kidnapping, and sexual violence against children.
- ❖ Maharashtra leads in trafficking and abetment to suicide cases.
- ❖ Rajasthan reports the highest number of rape and attempted rape cases.
- ❖ Every state reported at least one case of cruelty by husband or relatives, indicating the widespread nature of domestic abuse.
- ❖ Uttar Pradesh recorded over 20,000 cases of cruelty by husband or relatives, the highest in the country.
- ❖ Trafficking of minors is a significant issue, with Assam leading in selling and Madhya Pradesh in buying of minor girls.

- ❖ Uttar Pradesh reported over 7,000 cases of sexual violence against girl children.
- ❖ Smaller states and union territories generally report lower crime rates, with Lakshadweep having the lowest overall crime rate and zero kidnapping cases.
- ❖ All states reported at least one rape case and cases of assault to outrage modesty, indicating the pervasive nature of these crimes.
- ❖ West Bengal reported the highest number of acid attacks.
- ❖ Kerala had the highest reported cases of domestic violence.
- ❖ Andhra Pradesh led in cases of insult to the modesty of women.
- ❖ Nearly one-third (31.45%) of crimes against women are perpetrated by husbands or relatives
- ❖ Combining the percentages for rape, child sexual violence, assault to outrage modesty, and attempted rape reveals that almost 40% of reported crimes involve sexual aggression, underscoring the pervasive threat to women's bodily autonomy and dignity.

Key Observations

- ❖ Uttar Pradesh leads in multiple crime categories, indicating a need for comprehensive reforms and interventions in the state.
- ❖ All states reported at least one case in several crime categories, suggesting that no region is immune to crimes against women.
- ❖ There are significant variations in crime rates and types across states, which may reflect differences in reporting, law enforcement, and social factors.
- ❖ Some smaller states and union territories generally report lower crime rates, but this may also be due to lower population numbers.
- ❖ Certain crimes, like those related to dowry and domestic violence, remain prevalent across the country, indicating deeply rooted social issues.
- ❖ Sexual crimes permeate every corner of India, with over 5000 rape cases in Rajasthan alone. Not a single state is untouched, revealing a national crisis that demands immediate, unified action.

Conclusion

- ❖ The analysis of crimes against women in India in 2022 reveals a complex and challenging landscape that demands urgent, multifaceted action. With over 4.45 lakh reported cases spanning various categories and significant regional disparities, it's clear that addressing this issue requires a comprehensive approach.
- ❖ This includes targeted interventions in high-crime states, nationwide awareness campaigns, strengthening of law enforcement and judicial processes, and addressing root causes through education and social reform.
- ❖ Collaboration between government agencies, NGOs, and communities is crucial, as is the implementation of empowerment initiatives and policy reforms.
- ❖ While the data highlights significant challenges, it also provides a foundation for informed action. By working together and implementing these strategies, we can strive to create a safer and more equitable society where every woman in India can live with dignity, safety, and equal opportunity. This is not just a women's issue, but a societal one that requires the commitment and effort of all citizens to effect lasting change.
